

Motion Recommendation Bonus

Recommendation

Recommendation is the best way for the success of our Network. That's why we decided to create the "Motion recommendation system". As much you connect our Network to new members as better your Year-end bonus will be.

You can recommend us to several forwarders and we will reward your company with USD 300.00 up to USD 500.00 for each new member.

The reward amount depends on the area and region the new Member comes from. We will reward your company with a discount for the next membership and trust fund fee invoice.

If your bonus becomes more as your annual membership and trust fund fee invoice, the difference will be transferred to your company.

Motion Christmas Lottery

We invite all members to join the game!

We will draw in the lottery: Material Prizes, Free Membership Year, Free Trust Fund Year, and more!

Annually, starting 01st December.
